NOA Virtual Member Meeting and Bylaws Vote

Nevada Optometric Association

1344 Disc Drive #185

Sparks, NV 89436

07:00 PM - 08:00 PM PST

The NOA Board of Directors is proposing specific amendments to the NOA Bylaws to modernize and streamline the association governance. The four proposed revisions are intended to increase member communication and participation, and to share power more broadly in the organization.

On Tuesday, May 13, NOA will hold a virtual active member meeting to provide an in-depth update on state advocacy progress and actions as well as to review and vote on each of the amendments, which are independent from each other.

If you are unable to participate in the live meeting, you may use this form to proxy vote for the bylaws revisions. Proxy votes will be tallied with the live votes and the final results will be shared following the meeting.

When: Tuesday, May 13, 2025
7:00 PM PT
